

The figure is a scatter plot with 'Time' on the x-axis. The x-axis has major ticks at 2706.6, 2706.8, 2707.0, 2707.2, 2707.4, and 2707.6. The y-axis is unlabeled. There are two main groups of data points. The first group is located at approximately Time = 2706.55 and consists of about 40 points. The second group is located at approximately Time = 2707.55 and also consists of about 40 points. Both groups show a similar internal arrangement, with points forming a central core and an outer ring, suggesting a similar underlying process or structure for both time periods.
