

The scatter plot displays three distinct clusters of data points, represented by blue dots. The x-axis is labeled with values 4093.5, 4094.0, 4094.5, 4095.0, 4095.5, and 4096.0. The clusters are located at approximately x=4093.7, x=4094.7, and x=4095.7. The cluster at x=4094.7 has a few outliers at lower y-values.
